It looks that there is no opportunity for you to listen in when the S&H update presentation is given by Rick or myself over here. Kohji; we can go through your segments when you come to Richmond beginning of June. Ruth, when do you plan to go forward with the briefing in Europe and how can I help to familiarize you with the update presentation (its in the Shared Folder) ?

Regards,
Roger

Clarification--you are not presenting at the RD&E staff meeting rescheduled for May 29. S&H update to be rescheduled.
